

# **FISCAL NOTE**

## **SB 2820 - HB 3207**

February 9, 2004

**SUMMARY OF BILL:** Requires the Department of Environment and Conservation, Division of Groundwater Protection, to establish by rule requirements for training and certification of installers, regulators, soil scientists, pumpers and maintenance providers involved with subsurface sewage disposal systems by January 1, 2005. The Division of Groundwater Protection may establish reasonable fees to cover costs of administering the program.

### **ESTIMATED FISCAL IMPACT:**

**Increase State Expenditures - \$79,000**

**Increase State Revenues - \$79,000**

Estimate assumes:

- an increase in expenditures to the Department of Environment and Conservation to hire one additional staff person to conduct training and certification of certain persons involved with subsurface sewage disposal systems.
- an increase in revenues to the Department of Environment and Conservation to establish fees to cover the costs of administering the program.

### **CERTIFICATION:**

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, appearing to read "James W. White". The signature is fluid and cursive, with the first name "James" written in a smaller, more compact script than the last name "White".

James W. White, Executive Director
